Swivel Mounted

The addition of a swivel adapter allows baskets to pivot from one corner. Baskets hook around the top of the swivel adapter and can easily be removed for transferring or sterilizing.

Top Mounted

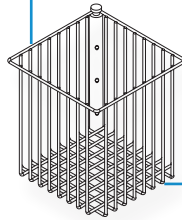

The addition of two chrome plated steel supporting posts allows the baskets to be used above horizontal rail systems to accommodate various space restrictions.

Bottom Mounted

Designed to sit below the center on any horizontal rail system, centered on a vertical rail system or mounted directly to any wall. Back Plates are used for baskets with lengths over 13" for added support.
